

| NO. | ITEM               | SPECIFICATION | CONDITION |
|-----|--------------------|---------------|-----------|
| 1   | Rated Voltage      | 120V          |           |
| 2   | Rated frequency    | 60Hz          |           |
| 3   | Output Speed       | 60RPM         |           |
| 4   | Input power        | <14W          |           |
| 5   | Input current      | < 110mA       |           |
| 6   | Output Torque      | 2.5 Kg.cm     |           |
| 7   | Insulation Class   | Class E       |           |
| 8   | Noise Level        | < 45dB        |           |
| 9   | Rotation Direction | CW / CCW      |           |
| 10  | Weight             | 0.5Kg         |           |
|     | UL File Number     | E174872       |           |
